			<i>Magadi Taluk.</i>			
Magadi.	Ma ..	Constructing a sluice near the waste weir and providing steps in the waste weirful channel of the Magadi tank.	This proposal has met with the Deputy Commissioner's approval. The improvement of the waste weir channel is necessary. Will be useful for washing cloths which is now done in the tank.	500	..	This is out of Municipal limits. May be sanctioned.
	Do ..	Road to Mattadabhavi or well.	This well which is largely used and containing good water is situated in a field to which there is no road and it will be convenient for females who resort to it.	50	..	Do
	Hanchikuppe.	Constructing a Chavadi at Ire-gaudana Doddi.	This Doddi is on Closepet-Magadi road. Travellers halt here. There is no accommodation for them. This is the frontier village on this road.	150	..	Do

Taluk.	Town or Village.	Description of <i>works</i> proposed to be executed by the Amildars.				President's Orders.
		Name.	Necessity or usefulness.	Approximate cost.	Contributions expected, if any.	
Magadi.	Nelapatna ..	Road to Savandurga from the Closepet-Magadi road.	There are two temples on the Droog and they are largely resorted to, the old cart-track is fearfully cut up and accidents are frequent. Hence the necessity to make it trafficable. Distance about 2 miles.	200	..	This is out of Municipal limits. May be sanctioned.
	Kudur ..	Constructing a Chavadi.	There is no Chavadi here. Much inconvenience is felt by the village and Taluk officials. This is the Hobli Head-quarter. Hence it is very necessary.	200	..	Do
	Suganahalli ..	Constructing a Chattram.	This is a place of some note on account of the importance of the temple therein situated. A car festival takes place every year and lasts for 4 days. Between 5 to 700 people assemble. They were hitherto cooking and taking their meals in the temple and were also lodging there. This has been put a stop to and much inconvenience is therefore felt by the people. A row of stone mantaps is absolutely necessary. Temple funds are poor.	300	100	Do
	Parasandra ..	A tunnel over the waste weir channel of Mallappanahalli tank.	This channel is on the cart-track to Honnudi and other places. In rainy season it becomes unpassable for days together, especially for carts and equestrians. The foot passengers also find it difficult to cross it, as it is deep. Hence a tunnel is necessary.	200	..	May be sanctioned.
	Hulikal ..	A tunnel on a deep channel between Gundigere and Hulikal.	The bed of this channel is very flushy. There is a small stone tunnel built years ago, but now quite out of order. As the road to Gundigere passes through paddy fields, people are put to much inconvenience. The repair of the tunnel is very necessary.	100	..	Do
	Do ..	Tunnel on the path to Hirekere and improving the road across the valley below it.	Hirekere has been repaired and over it a road to several villages passes. To go on to it, a large sheet of water has to be crossed. Hence the work is very necessary.	250	..	Do
	Kudur ..	Tunnel over the waste weir channel.	The channel crosses the village road from the Bangalore-Kunigal road and much difficulty is experienced in crossing it.	50	..	Do
